Allies Tell War And Peace Aims:

Viet Nam Troop Withdrawal Formula Set

S. Viet Troops Free Starving Cong Captives

SAIGON, South Viet Nam (AP) — U.S. B52 bombers struck at Viet Cong bases in South Viet Nam today but monsoon storms nearly washed out American raids over the Communist north.

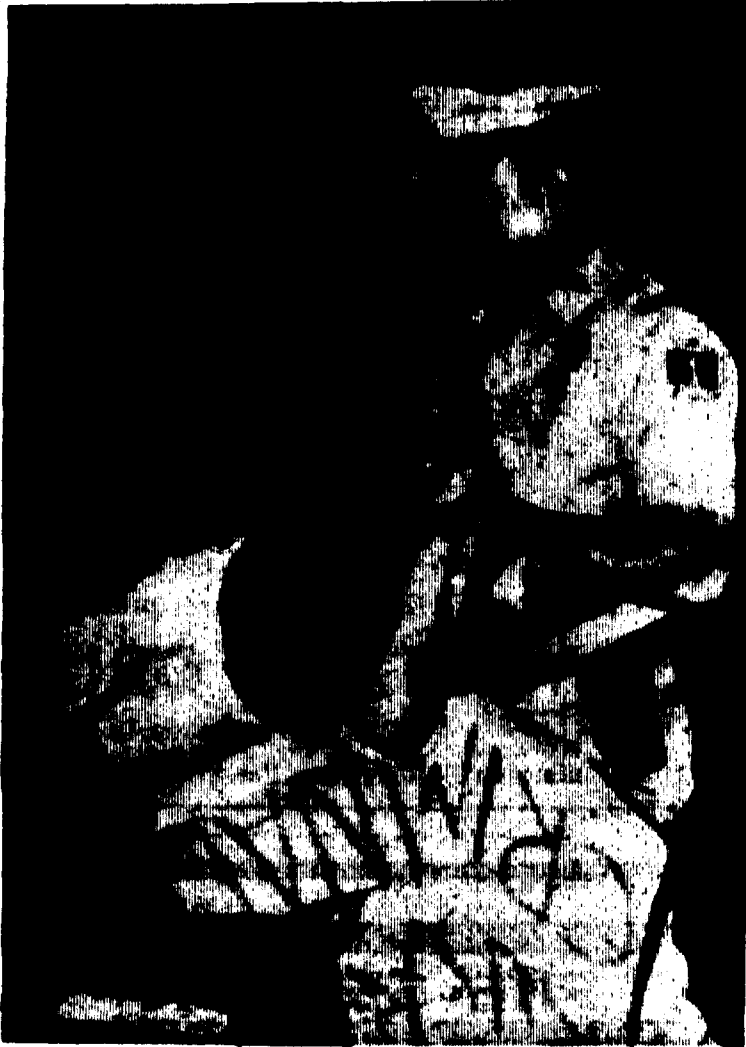

The Guam-based bombers hammered at dawn at two suspected Viet Cong troop concentrations 65 miles northwest of Saigon near the Cambodian border.

U.S. planes flew only 21 bombing missions over North Viet Nam Monday, the lowest since May 27.

In the Mekong Delta, South Vietnamese troops overran a cave prison camp of the Viet Cong and set free 13 government soldiers and five women, including a Catholic nun. The prisoners were found handcuffed and starving, a government spokesman said.

Ground fighting in South Viet Nam continued in a lull with only small, sporadic clashes reported.

U.S. military headquarters announced the termination of the 1st Cavalry, Airmobile, Division's Operation Irving, one of the most successful actions of the war. In fighting in mountains and marshlands along the central coast, the helicopter-borne cavalrymen reported killing 681 North Vietnamese and Viet Cong soldiers since Oct. 2.

THIS IS A GENERAL VIEW of a working session of the seven-nation summit meeting in Manila's Malacanang Palace Monday. President Johnson is at right with Secretary of State Dean Rusk at his side. Other representatives

around table, from left, are from Australia, New Zealand, Korea, Philippines, South Viet Nam and Thailand. (AP Wirephoto via cable from Manila)

Summit Chiefs Sign Freedom Goal Document

MANILA (AP) — In a bid for peace, President Johnson and his war allies announced today they are prepared to withdraw forces from South Viet Nam within six months after their conditions for establishing peace are fulfilled.

Winding up the two-day summit meeting, the South Vietnamese regime pledged to hold national elections by next fall.

On the troop pullout, the communiqué signed by the seven heads of government declared:

"They shall be withdrawn, after close consultation, as the other side withdraws its forces to the North, ceases infiltration and the level of violence thus subsides."

Withdraw In Six Months
"These forces will be withdrawn as soon as possible and not later than six months after the above conditions have been fulfilled."

Withdrawal of foreign troops from the South has often been stated by the Communists as a necessary condition for a peace settlement. Frequently it has been listed as a specific condition for entering into peace talks.

The announcement was clearly intended as an overture to interest the Communists in starting discussions. However, the communiqué offered no evidence that in this it might be successful. On the contrary it was stated that Hanoi "has shown no sign of taking any step toward peace by action or by entering into discussions or negotiations."

Three Documents Signed
The communiqué and two declarations — on the "goals of freedom" in Asia and the Pacific — were signed in the closing session of the seven-nation conference at Malacanang Palace.

The "goals of freedom declaration" carried a pledge of the seven nations to work to build a region of security and progress and to fight hunger, illiteracy and disease.

President Ferdinand E. Marcos of the Philippines was the first to sign the communiqué. He then passed out copies and the others signed simultaneously.

Highlights
High spots of the agreements included:

1. An undertaking to work with the International Red Cross "or any other appropriate forum" to discuss an exchange of prisoners of war and immediate repatriation of sick and wounded.

2. Set up consultative machinery on Vietnamese war problems and policies, consisting primarily of meetings between ambassadors in Saigon. Foreign ministers and heads of government of the seven nations are to meet "as required."

3. Declared "our unity, our resolve, and our purpose in seeking together the goals of freedom in Viet Nam and in the Asian and Pacific areas."

4. Agreed on a set of "principles on which we base our hopes for future peace and progress in the Asian and Pacific region."

U.S. officials described the communiqué section on withdrawal of the allies a significant statement for U.S. policy, though consistent with the U.S. stand because it makes emphatically clear that the Americans do not intend to stay on in South Viet Nam after the North's forces leave.

The pledge was made in this way, at this time, it was said, because of recent charges that the Americans really wanted to stay on.

So far as Washington is concerned, if the North Vietnamese pull out and Hanoi stops supplying the Viet Cong, South Viet Nam can handle its own insurgency problem, these sources said.

They added it would take six months, by realistic reckoning, to pull out the huge U.S. and allied forces now numbering 370,000.

The communiqué and two companion declarations on "Goals of Freedom" for Asia and the Pacific were signed at a televised ceremony in the Malacanang Palace by the American President, chief of State Nguyen Van Thieu of South Viet Nam, President

Romney-Griffin Get Boost From Nixon Led Trio

By The Associated Press
Former Vice President Richard Nixon leads a trio of top Republicans into Michigan tonight to boost the campaigns of Gov. George Romney and Sen. Robert P. Griffin.

House minority leader Gerald Ford, who will be speaking in his home town, also appears at the fund raising dinner at the Grand Rapids Civic Auditorium.

Wednesday, Griffin will get help from Sen. Jacob K. Javits, (R-N.Y.), at a "Citizens for Griffin" luncheon in Detroit.

Meanwhile, Griffin's opponent, former six-term Gov. G. Mennen Williams, is receiving a welcome hand from Sen. Philip A. Hart, one of the state's top Democratic vote-getters.

Hart, a 900,000-vote winner for re-election two years ago, started out at a plant in Muskegon today.

"My main job will be to help insure that the maximum Democratic vote get out," said Hart who started in politics when Williams appointed him state corporations and securities commissioner in 1949.

Today's Chuckle

Mother: "Now, Junior, be a good boy and say 'ah' so the doctor can get his finger out of your mouth."

Williams Monday charged Griffin with "deliberate distortions of fact in speaking of his voting record on education," and said the Republican senator "owes the people of Michigan an explanation."

Griffin Monday urged that President Johnson support an immediate increase in social security benefits.

"The president has finally recognized that his own inflationary policies have made such increases necessary," Griffin said. "But he wants to hold off until January 1968, the year he will be running for re-election."

Romney said if he is elected to a third term he will ask the Legislature to create a state transportation agency to deal with mass transit.

Michigan will be bypassed as a hub of the midcontinent unless fast urban transportation facilities are developed, he said.

The transportation agency, operating under the State Department of Commerce, would deal with mass transit by water, air, freeways and railways.

Democratic State Chairman Zolton Ferency visited Mayor Jerome Cavanagh of Detroit Monday and shook hands with city workers.

Taking note of Detroit's garbage collectors' strike, Ferency told the mayor:

Kennedy Calls For Test Ban, Cites Dangers

PORTLAND, Ore. (AP) — Sen. Robert F. Kennedy, D-N.Y., called Monday night for a two- or three-year ban on all nuclear weapon testing as "a carefully limited attempt to find a new way to agreement."

Kennedy climaxed a day of urging Pacific Northwest voters to support Democratic candidates, by saying that the most urgent need in the world is to bring nuclear weapons under control.

"The danger is great," he said, "that other nations will produce these weapons, and once produced, one day they will be used."

He proposed a ban of two or three years, with no obligation on the countries to continue it after that time. He said it would be only a trial but one that would show the world that the United States and the Soviet Union were moving to limit the nuclear threat.

Toledo Papers Hit By Strike

TOLEDO, Ohio (AP) — More than 200,000 subscribers to Toledo's daily newspapers had to do without today as a printers' strike at the Blade and Times moved into its first full day.

The Toledo Typographical Union, ITU Local 63, AFL-CIO, walked off the job Monday night in the middle of preparing the morning Times' first edition, voted to strike and promptly launched the walkout.

The 260-member local's strike idled nearly 1,000 employees.

No negotiations were scheduled immediately. Bargaining, started several months ago as expiration of a three-year contract neared, went on almost until the printers left the newspaper building. The union rejected a final offer that a Blade spokesman said included a wage increase of \$17.50 a week over a three-year period.

The printers' basic pay scale in the old contract has been \$143.50 a week, the company said.

The typographers, after voting 215-11 to strike, picketed plant entrances en masse.

Four other unions have been working despite expired contracts — Teamsters, Millers, Newspaper Guild and Stereotypers — during the bargaining.

Dan Reetz, head of the printers' local, said his union was dissatisfied with company offers on wages and some fringe benefits.

The Blade has weekday and Sunday editions. The Times publishes Monday through Friday morning editions.

Lutherans Back Viet Nam Aims

MINNEAPOLIS, Minn. (AP) — Despite "an uneasy feeling" that U.S. actions "may at times belie our stated aims," the American Lutheran Church has adopted a statement that the "aims of our nation's government in assisting Viet Nam are sound."

But the statement backs the right of protest against the war's course, saying "it would be tragic if our nation were to stifle dissent, muffle criticism of its policies or refuse to recognize merit and sincerity in the policies of other nations."

Dr. Fredrik A. Schlotz, ALC president, told the church's biennial convention Monday that the statement should not be regarded as a position paper so much as a move to stimulate thinking and discussion and to encourage prayer to end the war.

Sheppard Panel Complete Today

CLEVELAND, Ohio (AP) — "We believe we are making progress with the impaneling of this jury," Judge Francis J. Talty said today as interviewing of prospective jurors for the retrial of Samuel H. Sheppard went into a second day.

Sheppard is on trial in Cuyahoga County Common Court on a charge of second-degree murder in the slaying of his first wife, Marilyn, 12 years ago.

In this morning's session up to recess time two women jurors were interviewed but ex-

cused. Monday's six prospective jurors were seated and two others were excused, when Judge Talty ruled them unqualified.

A conference of attorneys delayed start of today's session about 20 minutes. There were some empty seats on the benches in the small oak-paneled courtroom when proceedings got under way. Most of the audience of 25 were newsmen.

Sheppard, wearing a dark suit, sat with his lawyers and took occasional notes.

Antlerless Deer Hunt Challenge Plan Is Readied

GLADWIN (AP) — A court challenge of Michigan's antlerless deer hunting policy—including the lottery involved—is planned by the Michigan Deer Hunters Association.

Cyrus Atlee, attorney for the association, said he would ask the State Court of Appeals today or Wednesday to order state officials to halt the lottery and restrict shooting of antlerless deer.

Atlee intended to file the suit in Lansing.

He charged that the State Conservation Department's drawing to determine which hunters shall be allowed to shoot antlerless deer is a lottery, banned by the State Constitution.

The statement also said, "We do not want our nation to adopt the tactics of deceit, denial of truth, trickery and subversion we find so detestable in some other nations."

In a resolution on war, peace and freedom, delegates took the position that "no citizen can be excused from the massive mobilization of effort which total war demands" unless "he feels conscience-bound to resist."

But another resolution called for the government to allow the status of conscientious objector to "those whose conscience forbids them to bear arms in a particular war."

The Lutherans also backed "responsible use of medically approved conception control within marriage" and said they recognize a medical need for therapeutic abortion in certain cases.

Next Congress' Work Already Has Piled High

WASHINGTON (AP) — The 90th Congress, most of which won't be elected for another two weeks, already has a pile of work laid out for it.

Social Security, the union shop, unemployment compensation, extension of "Great Society" programs and those presidential proposals which failed in the just-adjourned 89th Congress all are almost certain to be considered.

And a tax raise might be, too. Which controversial programs get passed, however, may make a shorter list.

Measures which failed during the past two years failed despite better than 2-to-1 Democratic majorities in the Senate and House. Mostly they lost to a Southern Democrat-Republican alignment which even on some legislation that passed cut President Johnson's working majority to a handful of votes, especially in the House.

Virtually no one expects Democrats to gain any House seats in the Nov. 8 election. Predictions average out instead to a 20-to-30-seat gain for Republicans, which could wipe out that slim working majority and hamstring proposals which couldn't survive under more favorable conditions.

All 435 House seats and 35 of the 100 Senate seats are up for election. Little significant Senate swing is expected.

Ship Freed Of Straits Reef

MACKINAC ISLAND (AP) — With part of its iron ore cargo removed, the grounded freighter George A. Sloan was pulled free from a reef in the Straits of Mackinac today.

Part of the cargo was transferred to another vessel during the night to lighten the 16,000-ton U.S. Steel Corp. ship.

Two Coast Guard cutters, the Mackinac and the Naugatuck, and the tug John Rolan IV pulled the Sloan free shortly after midnight following two days of unsuccessful attempts to free the fully loaded ship.

The Sloan ran aground in a violent storm Saturday night and stuck amidships in about 19 feet of water on the shoal five miles east of Mackinac Island on the Lake Huron side of the passage-way.

There were no injuries and the vessel was not damaged. The 585-foot Sloan was bound from Sault Ste. Marie to Detroit when it ran aground.

Winds gusted up to 68 miles an hour over the weekend.

Troops Occupy Bogota Campus

BOGOTA, Colombia (AP) — Army troops occupied the National University campus Monday night after clashing with 200 student demonstrators who hurled stones and insults at President Carlos Lleras Restrepo and U. S. financier John D. Rockefeller III.

Neither Lleras nor Rockefeller was hurt, but a presidential aide and a Colombian newsmen were slightly injured.

The troops quelled the disturbance with tear gas, then took control of the campus, traditionally a student sanctuary from police and the military. About 30 demonstrators were arrested and will be subject to military trial, a government spokesman said.

Lleras and Rockefeller arrived at the university to open an agricultural course sponsored by the Rockefeller Foundation.

Weather

By The Associated Press

ESCANABA AND VICINITY — Partly cloudy, chance of showers later this afternoon or tonight. A little warmer this afternoon and tonight. Wednesday, mostly cloudy and a little cooler. High today, near 50. Low tonight, around 34. High Wednesday, near 47. Thursday outlook: fair and a little cooler. Southwesterly winds (8 to 18 mph) today and tonight. High yesterday 43 and low overnight, 32. Precipitation probabilities: today, 10%; tonight, 20%; Wednesday, 10%.

Upper Peninsula — Partly cloudy and warmer this afternoon. Partly cloudy with little temperature change tonight. Wednesday mostly cloudy and a little cooler. Lows tonight 35 to 42. High Wednesday mostly in the 40s.

The sun sets today at 5:46 p. m., and rises Wednesday at 7:20 a. m.

GIANT M48 TANK rumbles up trail near the Demilitarized Zone of Viet Nam behind Marine carrying M14 rifle. The Marine was member of Second Battalion, Fifth Marines, which engaged the North Vietnamese almost daily in skirmishes along the Viet Nam dividing line. The Marines are backed up by the firepower of several tanks. (AP Wirephoto)

Bast Denies Charges, Trial Nears Conclusion

Dr. Gilbert H. Bast Monday said he "emphatically denies" all of the charges brought against him.

Bast, 55-year-old chiropractor and father of seven children, took the witness stand in Circuit Court to testify in his own defense and was questioned for nearly six hours by his attorney, Arthur A. Neiman.

He is charged with raping three minor daughters of a Menominee County farmer between June and November last year. The girls are now ages 13, 14 and 16.

In response to questions from Neiman, Bast said he did not have sexual relations with any of the girls, did not attempt to have relations and did not in any way molest, assault or threaten the girls.

The trial moved into its fifth day this morning with Dr. Bast still on the witness stand under cross examination by Prosecutor Nicholas P. Chapekis. The courtroom was jammed with spectators for the fourth straight day.

Cross Exam Begins

Chapekis began cross examination late Monday afternoon, shortly before the trial was recessed by Judge Bernard H. Davidson of Negaunee.

Using his appointment book

and patient cards which were introduced into evidence as defense exhibits Monday morning as references, Bast on direct examination said he treated the 16-year-old girl on only two occasions in 1965—on July 26 and again on Dec. 6.

The girl testified last week that the alleged assaults came on or about Aug. 20, 1965, and Oct. 15, 1965.

Neiman carefully reviewed testimony of all three girls and testimony from Dr. Bast and the girls was sharply contradictory on many points:

- Where the girls testified they were given gowns to wear which opened all the way down the back, Dr. Bast said the gowns they wore were open only to the waist;
- Where the girls said they were instructed to undress completely, Dr. Bast said they were told only to strip to the waist;
- Where the girls testified they were told to assume a position on a table in "Treatment Room B," Dr. Bast said none of them was ever in that position in his office.

Testimony by Bast confirmed that the youngest girl had been in his office on the dates she alleges she was assaulted, both Nov. 3 and Nov. 10, 1965. The doctor also said that the

14-year-old had a treatment on the date of her alleged attack. He denied any wrongdoing, however.

Initial Probed

On cross examination this morning, Chapekis revealed that an appointment record on Oct. 15—the date of the alleged rape of the 16-year-old girl—specified only the first initial of a name and the family's last name. Both the girl and her mother have the same first initial to their first name.

Dr. Bast testified Monday that the appointment on that date was for the girl's mother.

Although some avenues of Chapekis' examination were blocked by defense objections and ruled irrelevant to the matter by Judge Davidson, Chapekis was permitted to ask Dr. Bast about a meeting on March 21, 1961.

At that time, Chapekis said he and Escanaba Police Chief Harold Finman talked to Dr. Bast and his wife in his office about another complaint. Chapekis said that Dr. Bast at that time promised to retain a nurse or secretary for his office.

Dr. Bast said he understood that the nurse or secretary was just a suggestion and that he did not hire anyone.

Chapekis also established that visits of two of the girls, in June and November, were the final appointments on Dr. Bast's schedule.

More Witnesses

Cross examination of Dr. Bast finished about 10:55 a. m. and Defense Attorney Neiman called five more witnesses, all of them patients of Dr. Bast, who had been treated during the time of the alleged offense.

Called to testify were Mrs. Conrad (Florence) Herlioux, Rte. 2, Bark River; Mrs. Ross St. Onge, Detroit; Edward Paquin, Spaulding; Bernard Lewis, Rte. 1, Wilson; and Mrs. Edna Thibault, Carney.

All of the witnesses testified that there were other people in the office at the time of their appointments, some of which coincided with the dates testified to by the girls as times of their alleged assault.

As court recessed this morning, Dr. Donald Fitch of Escanaba walked into the courtroom and Judge Davidson reconvened the session to allow direct examination.

Dr. Fitch was expected to resume the stand this afternoon for cross examination.

Bast resides at 1015 1st Ave. S. and has his office at 805 Ludington St.

Spectators Jam Delta County Courtroom

It was like World Series time, with people lining up hours ahead of time hoping to get a ticket.

Only so many seats are available. Only so many people would get in.

The trial of Dr. Gilbert H. Bast, Escanaba chiropractor charged with three counts of statutory rape moved into its fifth day today and still the people come.

There are the curious, the students of criminal procedure who have never witnessed a trial in action and, perhaps, well wishers on both sides. Most of them are women.

The trial began again this morning at 9 a. m.

The 112 available places in the courtroom benches were filled long before. More people crowded about the doors outside, hoping that someone would leave the room, vacating their seat.

If tickets were sold, there would be scalpers.

Matron Esther Meier, who marshals the jury and has for Judges Rushton and Jackson before Judge Bernard Davidson, said she has never seen anything like it.

For Lyle LeCaptain, county juvenile officer guarding the door, it was like playing the defensive tackle for the Green Bay Packers.

The trial has all the elements, sex, suspense, respected people and juveniles. The contest of prosecutor Nicholas P. Chapekis vs. defense attorney Arthur A. Neiman. Judge Davidson has cleared the courtroom of standees.

People must have a seat — or wait outside.

Those with places guard them. During the lunch recess Thursday, the courtroom remained full.

Some brought sandwiches. Others dashed out for hamburgers. Thermos bottles were in evidence. The courtroom smelled like a restaurant.

And yet, when the hour of trial came, decorum was restored.

"Hear Ye, Hear Ye, Hear Ye, Circuit Court for Delta County is now in session," Sheriff C. A. Johnson proclaimed.

The actors resumed their places.

Drama resumed.

And the spectators watched — awaiting the verdicts that the 10 men and two women must eventually return.

When they come, all will be quiet again.

The game will be over.

Bennett Daughter Backs Clevenger For Reelection

MARQUETTE—Marilyn Bennett Harner, of Washington, daughter of the late John B. Bennett, congressman from Michigan's 12th District, has endorsed Congressman Raymond F. Clevenger for reelection, and has offered to serve as chairman of a Citizens for Clevenger Committee.

Mr. Bennett, a Republican, represented the western end of the Upper Peninsula for 10 terms.

Clevenger, a Democrat, was elected in 1964 to represent a newly re-apportioned district comprising the former 11th and 12th Congressional Districts, and an additional seven counties in the Lower Peninsula.

"Ray Clevenger in his first term has proven that he is a qualified legislator; responsible in his obligations as your representative, and is doing the job that you sent him to do in Washington," Mrs. Harner said.

Beer Warehouse Burns In Owosso

OWOSSO (AP) —Fire roared through the Main Distributors warehouse in Owosso today causing an estimated \$100,000 damage.

The building, a beer and wine warehouse, four trucks and the entire inventory were destroyed. There were no injuries.

A YWCA thrift store in one part of the building also was destroyed.

The fire broke out near dawn and no one was in the building. Some 30 firemen fought the blaze. Cause of the fire was not immediately determined.

Humorous Speech Contest Planned By Toastmasters

The Bay De Noc Toastmasters Club unanimously voted George McLaughlin to represent the Club at the upcoming Area Humorous Speech Contest to be held at Marco's Saturday, Nov. 5 at 6:30 p. m.

Toastmasters from other Clubs in the area will also sponsor a contestant, supply judges and other personnel to participate in the evening's program, a ladies night with friends, guests and other interested persons welcome.

Invocation by Pastor Charles Beckingham, who joined the club after the last meeting, opened the Monday meeting. Toastmaster for the evening was James Wren and table topics were under the direction of John Stoll. The scheduled speakers were new members John Lamse and James Olson.

Toastmaster Bernard Hoefgen, hero of a mishap which occurred at the Michigamme Reservoir, told of his experience in a speech entitled, "How to Sink a Bulldozer." Master emcee was Fred Fisher, assisted by a panel of Harland Lippold, William Miller, Ray Chase, Don Seymour and Walter Peterson. Timer was Sherman Radtke.

Four guests, Dick Powell, Tom Dunleavy, Larry Ambeau and Miles Dupuis were present. Table topics participants were Bob Snow, Art Brien, Tom McDermott and the four guests.

Former Bark River Resident Dies In Chicago

John Erickson, 60, of Niagara, Wis., formerly of Bark River died Oct. 15 in Chicago while on vacation. He was born in Wisconsin and had resided in Bark River for 20 years before moving to Niagara.

He is survived by his widow, the former Elsie Anderson, two daughters, Mrs. Thomas Zee of San Francisco and Mrs. Louis DePas of Niagara; five sisters, Mrs. Frank Jaeger of Escanaba, Mrs. Edward Madden, Mrs. George Snyder, Mrs. Ellen Erickson of Chicago and Mrs. George Boyd, of Antioch, Ill.

Funeral services were held Oct. 19 from the Union Protestant Church of Niagara and burial was also made there.

ESCANABA DAILY PRESS

Our Newest Industry

Escanaba's newest industry is Buckbee Products, a label manufacturing firm headed by William Buckbee, a native of Escanaba who is moving his operations here from Chicago.

It is not only the community's newest industry. It is the most unique in the manner of its coming here. Unquestionably the fact that William Buckbee grew up in Escanaba was an influence, and so was the fact that his brother, Edward Buckbee, kept urging him to relocate here. But his early Escanaba exposures were an obstacle at first rather than a lure. A man's home town exposures can give him prejudicial views as well as nostalgia, especially, perhaps, as he views the economics of a situation.

But the more Buckbee came back to Escanaba to consider it as a manufacturing site, the more he was impressed as he ranged its potential against sites in other states. Finally he made the plunge and the manner of his doing it was unprecedented here. He placed his problems and needs in the hands of experts and told them to take over.

Charles Burton, the Gladstone realtor, was very helpful to the project of plant relocation. He was hopeful that it could be located in Gladstone, but when that didn't work out he labored to keep it in this area. He found a helpful ally in David Farrand, the industrial development specialist of UP CAP.

Farrand arranged the construction with the aid of the Escanaba banks, the Escanaba Industrial Foundation, the City of Escanaba and other agencies and the plant is going up in Escanaba's Industrial Park and it will be operating shortly. The cooperative nature of the arrangements that are creating the new factory show that the community can organize its forces effectively to encourage industry. This is a great asset today for any city that wants industry.

Buckbee came to town for a civic ceremony at his new plant and his response to the community welcome was like a breath of fresh air. He said that this area didn't know how attractive it can be to industry and that he will be able to manufacture labels in Escanaba and to deliver them to his customers as quickly as if he were operating in Chicago. Some of our traffic experts have been saying this, but it is especially convincing when a manufacturer sets up a new plant to demonstrate it.

"You're not away from things here," said Buckbee "you're just far enough away to have fresh air!"

Buckbee Products provide a happy occasion of industrial growth for Delta County and a welcome home to a native son who captured the community greeting committee with his forthrightness.

"Grandpa said that all he had was property, but he told his creditors not to worry," said Buckbee. "I've got three sons," he said "and if I don't pay, one of them will." It's fine to deal with honorable people like the ones I have found here. My lawyer told me I didn't need any protection dealing with such people."

Keep Those Taxes

Two of the most important pieces of conservation legislation ever to have been enacted by Congress are the Dingell-Johnson Act and the Pittman-Robertson Act. The first provides for a 10 per cent excise tax on fishing equipment. The second provides for a 10 per cent excise tax on firearms and ammunition.

Funds raised from both are collected by the federal government and returned to the states according to formulae that take into consideration the number of licensed fishermen and hunters in the respective states and the land area of each state. Because it ranks near the top in the nation in the number of licensed fishermen and hunters, Michigan has been a leading beneficiary of both the D-J and the P-R Funds.

Revenue from the two funds is used for the betterment of hunting and fishing through research and fish and game management programs. There is no way of determining just how valuable these programs have been to the management of our natural resources, but no one doubts that the cause of conservation generally has been extensively advanced through these two measures.

And the nation's sportsmen are well aware of this. When a tax cut program was proposed a couple of years ago, sportsmen urged their representatives in Congress not to tamper with the D-J and P-R programs. They wanted the excise taxes retained and were clearly willing to pay the extra 10 per cent for a new fishing reel or a box of 12-gauge shells. Not surprisingly, Congress agreed to their demands and left the sporting goods taxes intact.

Now, however, the American Fishing Tackle Manufacturers Association is asking for repeal of the D-J excise tax. In its place, the AFTMA would have Congress make an annual appropriation of \$12 million to cover costs of the programs now financed with monies raised by the D-J excise tax. (Actually, the \$12 million represents about twice the amount raised each year through the excise tax.)

The AFTMA's reasoning in urging repeal of the D-J law is difficult to understand unless the Association thinks that greater profits would accrue to tackle manufacturers if the tax were removed. Apparently, the manufacturers then could simply boost their prices by 10 per cent, and nobody would notice the difference.

The flaw in this reasoning, of course, is that fishermen and hunters, who have always willingly borne much of the cost of wildlife conservation, would then be paying less for the enjoyment of their sport and the general public would be called upon to underwrite a large share of this cost—\$6 million in the case of fishing alone.

There is no justification for this. Wherever possible, those who benefit most from recreational programs should pay the cost. Fishermen in Michigan gladly fork out \$2 each year for a license and another \$2 for a trout stamp. And they don't complain about paying an extra 10 per cent for angling gear. They don't think anyone who doesn't fish should be compelled to make a financial contribution to promote fishing in Michigan. And this is as it should be.

If the fishing tackle manufacturers want to increase their profits, let them raise their prices. Perhaps sales will take a slight dip, but that is better than killing the D-J program, which has helped the fishermen, and the manufacturers should have the foresight to realize it.

a spade to his ace and shot back the jack.

West played low. He could not afford to get in the lead because he would have been end-played right then and there. East was in with the queen and led the queen of diamonds. This put South back in dummy with an interesting option.

He could lead back a diamond. That would put East in the lead and he would have to lead a diamond or spade which would give South a chance to ruff in one hand and discard a club from the other.

South took a second alternative. He led a club to his queen. West took his ace and led back the nine spot. South won with dummy's jack and threw West back in with the last club whereupon West had to lead a spade and give South the chance to ruff and discard the losing diamond.

CORD SENSE

Q—The bidding has been: West North East South

1 ♣ 4 ♣ 5 ♣ ?

You, South, hold:

♠ K Q J 7 5 ♣ A 2 2 ♢ 6 7 8

What do you do now?

A—Pass. When you make a preemptive three opening you should tend to leave the rest of the bidding to your partner.

TODAY'S QUESTION

Instead of bidding four spades your partner bids five hearts over West's four hearts.

East goes to six hearts. What do you do now?

Answer Tomorrow

World War Spy Dies On Sunday

DETROIT (AP) — Samuel J. Prete, a World War II spy credited with being the first man to notify American headquarters of Italy's surrender in 1943, died Sunday in a suburban Grosse Pointe hospital. He was 59.

Prete, an agent of the Office of Strategic Services during the war, was described in 1946 by Gen. William J. Donovan as the Americans' informant on Italy's surrender to the Allies. Donovan headed the office during the war.

Born in Casino, Italy, Prete was brought to the United States as an infant by his parents. During the war in he served in the North African campaign and was parachuted into Italy in advance of the Allied invasion.

Funeral services for Prete will be held Wednesday in Detroit. He is survived by the widow, Linda, and a daughter and three sons.

Value Of One Vote

By WASHINGTON STAFF

WASHINGTON — (NEA) — Sen. Karl Mundt, R-S. D., has a rather long, involved story to prove the power of one vote in a democracy.

An Indiana farmer left his death bed in 1844 to vote for a friend, David Kelso, running for state senator as a Democrat.

Kelso won by one vote, and promptly bolted the Democratic caucus over its choice for U. S. senator. Without his vote, the legislature was deadlocked.

Kelso then threatened to vote with the Whigs unless the Democrats nominated Edward Hannegan.

Hannegan was duly elected — by one vote, of course — and arrived in Washington just in time to cast the deciding vote in favor of the admission of Texas to the Union.

Mundt's conclusion: The vote of one dying man made Texas a state and brought on the war with Mexico.

A job seeker wrote this letter to Rep. Robert Duncan, D-Ore.: "What is the most important asset you have in fulfilling your responsibilities as a congressman? Perhaps it's your administrative assistant, a combination administrator, adviser, diplomat, publicist, public relations man and all-around good fellow."

"If this description fits your A. A., then you might consider the last time you gave him a raise. If it doesn't, you might consider the attached resume."

Duncan's assistant sent it back with this note:

"Fortunately, I intercepted your letter before it got to the boss. I didn't get the raise—but you didn't get the job."

Be A Michigan Minuteman

Take a minute to talk or write to someone about Michigan's travel attractions.

Michigan has more than 19 million acres of forestland.

Michigan has 85 kinds of soft and hardwood trees, a greater variety than any other state, and their fall array of color makes Michigan the showplace of the nation.

Michigan has more types of trees than all of Europe.

Michigan in autumn is one gigantic color tour.

Michigan has 11,000 inland lakes and 36,000 miles of rivers and streams whose waters at this season mirror a kaleidoscope of colors.

State-maintained picnic facilities are scattered along Michigan's roads and highways, offering more than 3,600 picnic tables.

Michigan has more than 150 waterfalls offering appeal to camera fans and everybody.

Ann Landers

Continue To Give, If And When You Wish

Dear Ann Landers: I am a boy 18 and a freshman at a large midwestern college. I don't smoke or drink. I have not picked for or against anything and have no plans to. I don't smoke pot and I've never made an L.S.D. trip. I've never been arrested and have never been ticketed for speeding or reckless driving. I graduated from high school in the upper 10 per cent of my class and hope to do better in college.

Many adults look down their noses at me and call me a kook. Why? Because I like to wear my hair long. Very long. My hair is not dirty or greasy. It is just long. Do I have the right to wear my hair any way I want to wear it without harassment from adults? Whose hair is it anyway?—THE OUTCAST

Dear Outcast: How long is "very long?" And what do you consider harassment? If "very long" means down to your shoulders and over your eyebrows you should expect criticism.

If "harassment" means hitting you in the mouth, I'd say the adults have no right to do this. But if you don't want to be singled out as "different" why get yourself up in a way that will attract attention?

Dear Ann Landers: Recently a letter appeared in your column from a woman who felt terrible because she could not drive a car. She said she had taken lessons and tried awfully hard, but driving made her so nervous she just gave up.

You told her she had a psychological block. My reply to both of you is block shock. We have three women in our crowd just like her. They would rather tell you how nervous they are than to make an honest effort to drive.

They want to be chauffeured to the doctor's, the hairdresser's and to and from church meetings and bridge parties. Their children are always bumming rides with friends. Their poor husbands never get a day off because they have to deliver a package, run down a sale or drive the helpless thing somewhere.

These women aren't fooling me. It's cheaper, and a lot less complicated to be hauled around than conquer a fear—MRS. WHEELS

Dear Mrs.: Undoubtedly some women do use "nerves" as an excuse to get out of doing things, but fear CAN be as

crippling as a broken leg. It's difficult for a person who is free of fear to understand this but these unfortunate people need compassion, not criticism.

Dear Ann Landers: I have worked in this office for 14 years. At least twice a month someone comes around with a small speech: "Marty's mother died. Would you like to pitch in 50c for flowers?" Or, "Sara is getting married on Saturday. Would you care to give \$1.00 toward a wedding gift?" Or, "Hank is in the hospital. We are sending him a couple of books." I have never said no to anybody.

Two weeks ago tragedy struck a member of my family. My co-workers did not send flowers—or even a card. Should I turn the other cheek? Or should I tell the house secretary who is in charge of collections that I am fed up.—PUT OUT

Dear Fed: You don't tell me whether the relative was a parent, a sister, a brother, a grandmother or a cousin. The relationship could make a difference. Then too, perhaps the house secretary did not know of your loss.

If I were you I'd say nothing. Consider all the possibilities and continue to give—if and when you feel you want to.

Too many starry-eyed lovers do not know the difference. Do you? Send for ANN LANDERS' booklet, "Before You Marry—IS IT LOVE OR SEX?" enclosing with your request 30c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

BARBS

By WALTER C. PARKES

Boreds are people who talk about themselves so constantly they prevent us from talking about ourselves.

When hubby comes home fried, it's his wife who gets burned up.

Pretty soon now, kids will learn it's not much of a trick to get a treat.

Some folks like to see their friends make mistakes so they can have the pleasure of pointing them out.

Tourist Council Change Needed

Bigger State Role In Tourism Asked

WAKEFIELD, MICH. — An advisory committee which has been studying Upper Peninsula tourism for four months told the annual meeting of the Upper Michigan Tourist Association at Indianhead Mountain Ski Resort here Monday that for U.P. tourism to prosper there must be a change in the state's tourism program, which it described as inadequate.

W. H. Treloar, publisher of Panex Newspapers in the Upper Peninsula, reported for the committee, which was headed by James Gooch, director of continuing education for Michigan State University in the Upper Peninsula.

The committee's study of U.P. tourism was the most thorough by persons in the area and concerned with the recreation business in the almost half-century of its development. Reciting the committee's appraisal of the industry today and its recommendations for more effective development.

Treloar described the Michigan State Tourist Council, as in need of basic reorganization as a first step toward giving tourism a state stature equal to its rank in the economy.

This, he said, is lacking today and Michigan's lag in competition for recreation business traces to this beginning.

Council Reform Urged
The Michigan Tourist Council, which administers to state's tourism promotion program and distributes its subsidy to the four regional tourist associations in the state, has lost its separate entity in the reorganization of state government and has been tucked into a corner of the Conservation Department. The Upper Michigan Tourist Association Advisory Committee was not critical of this reform.

But it said that a new Council structure is needed, in which the four regional tourist agencies would be retained as ex-officio members and counselors, without a vote, but that the voting council should direct a state tourism program of new dimensions and with greatly increased budget and services for recreational development as well as promotion.

Treloar said that the Advisory Committee found the \$1 million budget of less than \$1 million totally unrealistic in the competition which the state faces for tourist traffic and in light of the state's great resource for tourism, much of which still is undeveloped.

More State Action
A minimum state appropriation of \$2 million annually should not be channeled through the regional associations, the Advisory Committee recommended. A large part, it said, should be invested in State

tification of attractions, development of existing attractions and creation of new attractions and an under-promotion of existing attractions. UMTA and the

Hart Tells Of Handout Abuse

DETROIT (AP)—The nation's press "plays a significant part in seeing that honest politicians get to Washington," Sen. Philip A. Hart, D-Mich., said Monday.

"In part, this is because of its role as a watchdog and the fact that a dishonest politician makes good copy," Hart told a Wayne State University "Journalism Day" audience.

He said newspapers gave good coverage to the Truth in Packaging Bill that passed Congress last week. The bill sets standards of packaging and labeling on food products.

Referring to some magazines, Hart said "many news media were sensitive about covering it (the bill's progress) because the food industry was opposed to it and the food industry spends a lot of money for advertising."

Hart said the press corps "does have certain weaknesses that the politician is quick to detect and eager to play on."

One, he said, is "the overworked and overextended reporter. This is particularly true of wire service people who often must cover the Washington affairs of three or six states."

Hart said an overworked reporter "is naturally going to rely heavily" on written news releases, called handouts.

"On our side of the family, the temptation to puff handouts gets stronger when you know they are not going to be checked very carefully," he said.

Mark Anniversary

NASHVILLE, Tenn. (AP) — More than 4,000 disc jockeys attended the 15th annual DJ Festival and 41st anniversary of the Grand Ole Opry.

other regional tourist attractions do not have a strong public image."

Action Program
The committee urged in an action program recommended to UMTA:

1. Reform of the State Tourist Council and adequate funding of the new statewide agency.

2. Phasing out of the Upper Michigan Tourist Association, as it is now organized, or restructuring of it to bring in community and area agencies like the Chambers of Commerce. Creation of 6 regional tourism programs in the U. P., and choosing by them of the directors of the area-wide tourism agency.

3. Better fiscal control and reporting in UMTA.

4. Dropping by UMTA, as an indication of its acceptance of the recommended reforms, of its participation in travel show promotion and turning this over to the State Tourist Council, with UMTA serving only in a satellite role.

Interim Program
5. After an interim period (hopefully only a year) of continued operation of UMTA on its present basis, to have it end solicitation of private financial support and rely on government appropriations at all levels.

Solicitation of membership and public participation would be encouraged, as now, but main reliance for financing would be upon governmental appropriations, with business and industry paying their share of support through the tax system.

Added funding from the private sector is envisioned to give the state or areas stronger competitive position in specific interests like skiing, canoeing, etc.

6. Stronger support of the state effort's to compete for recreation business from the universities, in a continuing program of research and development and of training for services.

OK'd By Officers
Members of the Advisory Committee, besides Gooch and Treloar, are: Fesher Louis Capo of Lake Linden, a tourism and economic development specialist; Lynn Sandberg, woodlands manager, Celotex Corp.; L'Anse; Robert Smith, U. P. Power Co.; Houghton; William

Wilson, executive director, Operation Action-U. P.; Marquette; Russell Adams, director of business and industry programs, Northern Michigan University, Marquette; Jean Worth, editor, Escanaba Daily Press;

Al Halcil, Upper Peninsula Committee for Area Progress (UPCAP), Escanaba; David Ripley, executive secretary, International Bridge Authority, Sault Ste. Marie; Ray Gummer-

son, Michigan State University area developer, Marquette; and Jack DellAngelo, Ishpeming Chamber of Commerce manager.

The Advisory Committee was appointed by Jack English, president of UMTA and head of Indianhead Mountain, Inc., and its report has been approved by present and past officers of UMTA and of its predecessor, the U. P. Development Bureau.

Kiwanis Told Of Education's 1st Century In City

The past 100 years of education in the Escanaba Area was the topic of a talk given by Luther Barrett, Superintendent of Schools to the Kiwanis on Monday. Vern Ihlenfeldt aided Barrett with a slide presentation of many of the historic occasions of the past century.

Barrett began with the first formalized school system which was set up in 1866 by the people of Sand Point. E. P. Locke was the first teacher, with a salary of \$160 for the year.

An original letter of accreditation of the first certified teacher, Miss Emily Dunbar, was read by Barrett. He stated that the letter is part of the collection of the Delta County Historical Society.

The first school building, which was described as being well out of town in an area covered with sand and underbrush, was constructed where the Carnegie Public Library now stands. It was rather an airy affair as history states that the chipmunks scampered through the cracks of the building.

Barrett continued on through the years with the progress of the school system, noting the dates of the construction of the building.

Powers-Spalding

Pinecrest Auxiliary
The Pinecrest Auxiliary will meet Thursday, Oct. 27, in the Staff Dining Room of Pinecrest Medical Care Facility starting at 8 p.m. with Mrs. Napoleon LaBonte Sr., president, presiding.

Mrs. Melvin Fazer, secretary-treasurer, will report on the progress of the fund drive for the electric organ for Pinecrest. Final preparations will also be discussed on Public Dedication day, which has been scheduled for Sunday, Nov. 6, from 1:30 to 4 p.m. when the public is invited to hear organ melodies. A silver tea and crafts bazaar is also scheduled for the afternoon. After the business meeting refreshments will be served.

Cast Selected For 'Music Man'

"Players de Noc," a community theatre group, is pleased to announce that the cast has been selected for "The Music Man," by Meredith Willson and story by Franklin Lacey and Meredith Willson. The Broadway musical will be directed by Jack Romstad, drama, and Mrs. George A. Peterson, music.

Leads are, Peter Adamini as Professor Harold Hill and Mrs. Virginia Gossan as Marian Paroo. Cast members are Bill Williams, Mayor Shinn; Robert Schrader, Marcelus Washburn; Mrs. Beverly Moraco, Mrs. Paroo; Steven Moraco, Winthrop Paroo; Janis Hall, Amariyllis; Richard Schmeltzer, Edward O'Leary, Brian Wood and Donald Hira as the Barbershop quartet; Mrs. Arlene Hendrickson, Eulalie M. Shinn; Chris Johnson, Zaneeta Shinn; Mrs. Mary Lark, Alma Hix; Mrs. Lucille Zeno, Maud Dunlop; Mrs. Donald Hira, Ethel Toffelmier; Mrs. Mary Rinehart, Mrs. Squires; Richard Hanson, Constable Locke; Conrad Beck, Charlie Cowell; and John Prokos, conductor.

Salesmen are: Donald Hira, Dave Prinski, Charles Tooman, Richard Puglisi, James Hira, Richard Hansen and Harold Olson. Members of the chorus, Mrs. Martha Jane Semmens, Mrs. Mary Snyder, Janet Guindon, Mrs. Dorothy Williams, Mrs. Rose Coplan, Mrs. Pat McCarthy, Mrs. Cora Lee Puglisi, Mrs. Betty Rogers, Mrs. Mary Lee DeGrande, Mrs. Mary Ryno, Mrs. Elaine Moore, Dave Prinski, Harold Olson, Lloyd Servant, Charles Tooman, Conrad Beck, Richard Puglisi, James Hira, Richard Hanson, Richard Rinehart, Jim Chapelski and Calvin Rose.

The first drama rehearsal for "The Music Man" began last evening. The first rehearsal for the chorus will be held tonight at 7:30 in Room 101 at Bay de Noc Community College.

The directors are pleased with the interest shown by the community for this production.

DELTA UNITED SERVICES commercial Kick-off brought together (from left) Dick Winters, Jim LeGault and Bob Gassman, discussing the commercial solicitation program. The three are block captains. The commercial drive, largely through payroll deductions, is hoped to be completed by Nov. 1. (Daily Press Photo)

PTA Council Prepares For Founder's Day

The October meeting of the Escanaba Area PTA Council was held last evening at the Lemmer School with President, Mrs. William Savard, presiding. A letter from the manager of the Chamber of Commerce, Walter Lewke, was read, thanking the Council for their assistance in obtaining housing for the MEA conference.

Committees chosen for the Founder's Day program were: Founder's Day gift and silver collection: Pine Ridge; school count, Jefferson; refreshments, Webster and Ford River; program, Lemmer and Wells; publicity, Soo Hill; hospitality, Washington.

Mrs. Leo Niquette gave a report on the recent cook book sale. The next council meeting will be at the Pine Ridge School January 23. An executive meeting of the executive board, chairman of the standing committees and the Founder's Day committee will be held at the chamber of commerce at 7:30 p.m., on Nov. 14.

President Mrs. Savard announced that American Education Week will be Nov. 6-12. Schools represented were: Webster, 3; Pine Ridge, 4; Jefferson, 2; Washington, 3; Lemmer, 3; Ford River, 1; Soo Hill, 3; Wells, 1. Halloween decorations were used with a pumpkin as the centerpiece. Hostesses for the social hour were Mrs. Jack Winters, Mrs. Jack Sprague, Mrs. James Kent and Mrs. Don Wertz.

Expect State Okay:

Dump Will Serve City, Townships

Michigan's new state law requiring a more sanitary disposal of garbage and refuse is expected to result in higher costs, and perhaps a cooperative sharing of expense in the operation of a dump that would serve Escanaba and the adjacent townships.

At a recent meeting of the Township Officers Association in Escanaba, Joseph Parisi Jr., Lansing, executive director of the Association, said that many of the smaller townships can not afford the high cost that would accompany a sanitary landfill dump.

"I told the State Health Department they might have to put a lot of township officers in prison if they tried to enforce the regulations," said Parisi.

Few townships can hire or own a bulldozer and keep an attendant at a dump and cover over the refuse as frequently as the law requires, he said.

Escanaba City Manager George Harvey has advised the Escanaba Council that progress is being made by the city in bringing the dump at Old State Road west of the city into a sanitary landfill operation.

"Steve Sweeney of the Health Department inspected the dump recently with Ken Tushak, the city public works superintendent. Sweeney is well pleased with the progress that has been made, and is sending in a re-

Annual Carnival At Washington Set For Monday

Final details were completed for the annual Halloween Carnival at the Washington School, at a meeting of teachers, room mother chairmen, newly elected president, Mrs. Nicholas Denessen and carnival chairman, Mrs. Leo Niquette. The Carnival will be held Monday, Oct. 31 from 7 to 9 p.m. at the school.

Activities scheduled are: Kindergarten classes, Cake Walk; first grade, Spook Room; second grade, Games Room; Mrs. Lindstrom's third grade,

Fish Pond; Mrs. Sprague's third grade, Sweet Shoppe; fourth grade, Country Store; fifth grade, Lunch Room; sixth grade, movies.

Halloween Carnivals are planned according to PTA Policies to provide fun for students and their families, to raise funds necessary to carry on the PTA program and to keep the children off the streets.

Advance ticket sales for admission and Country Store prizes are available through Friday from 12:40 to 1:30 p.m. daily, in the Washington School library.

Comptroller Of Currency, James J. Saxon Retiring

SAN FRANCISCO (AP) — James J. Saxon, comptroller of currency, said today he plans to return to private life at the expiration of his five-year term Nov. 15.

Saxon was appointed by the late President Kennedy in 1961 to the post with supervisory jurisdiction over national banks.

He was in San Francisco to address the American Bankers Association. He was suffering a severe attack of laryngitis.

Motive Sought In Youth Killing

YPSILANTI (AP) — Authorities today sought a motive and a killer in the apparent kidnapping and strangling of a Ypsilanti boy who had "never been in trouble, had no enemies and no unusual behavior patterns."

That was the description of 17-year-old Arland Withrow by Detective Chester Wilson of the Washtenaw County Sheriff's Department. Wilson said he had known Withrow since he was an infant. Withrow was a high school dropout and auto plant worker.

Undersheriff Harold Owings said seven detectives were tracking down half a dozen leads in the unusual case.

But "right now we're at a loss as to possible motives or anything else," Owings said.

Dawn Roberts of Willow Village, Withrow's 17-year-old girl friend whom he planned to marry next summer, said, "I saw him about 15 minutes before he disappeared."

"We'd been to a drive-in movie," Miss Roberts said. "We had an awfully good time."

She said "we were in a good mood. There had been no trouble."

More people got more news from newspapers than from all other sources combined.

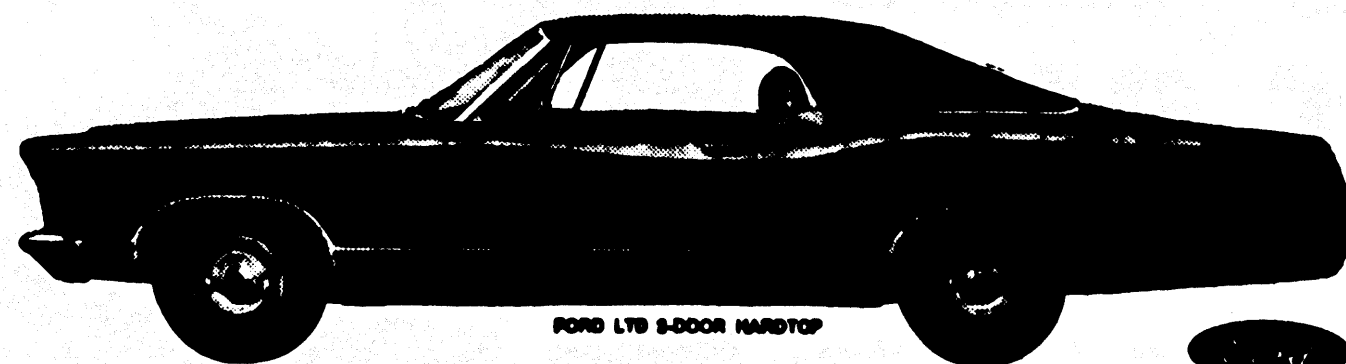

LEGAL NOTICES

TIMBER SALE
DEPARTMENT OF CONSERVATION
STATE OF MICHIGAN
Notice is hereby given that sealed bids will be received by the Area Forester, Bay de Noc State Forest, for certain timber on the following described lands:

We have a dog, a cat, a rabbit and a '67 Ford.
My father always buys Fords because they never give him any trouble. Our new Ford has doors that lock by themselves...a light that tells us if we need gas...a stereo tape player...and one thing my father doesn't know about.

(A frog I'm keeping in the glove compartment.)

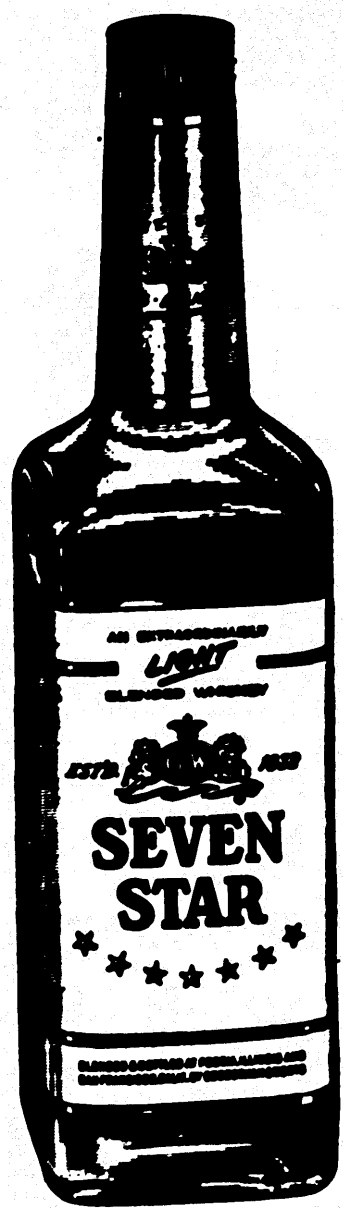

The strongest, quietest, best built Ford in history offer you a lot of great new features. Like Ford's exciting new SelectShift Cruise-O-Matic transmission. It shifts automatically...or lets you shift manually for climbing steep hills, downshifting, or just for fun. You can also choose a Convenience Control

Panel that will automatically lock doors, warn you if a door is ajar, or fuel is low. A Stereo tape player. A Comfort-Stream Ventilation that exhausts stale air with the windows closed. And, every solid, substantial '67 Ford is equipped with Ford Motor Company Lifeguard-Design Safety Features.

You're ahead in a Ford

Bizarre Ann Arbor Restaurant Bandit Subdued By Police

ANN ARBOR (AP)—A dawning, nonchalant bandit held up an Ann Arbor restaurant Monday night, holding 75 diners captive while he went from table to table demanding money.

The gunman was subdued by three policemen called to the restaurant (the Holiday Inn West) by a cashier. Police identified him as Richard K. Hill, 40, an ex-convict from Munich. "It's like something out of the wild West," said Ann Arbor Police Chief Walter E. Krasny, who described the holdup as one of the most bizarre in 27 years of police work.

Police said the gunman ignored screaming women and crying children as he walked nonchalantly among the tables, taking money at random from customers.

No shots were fired and only one person was hurt — a customer clubbed by the gunman, police said. The injured man was identified as David Gunning, 53, of Ann Arbor, who was struck across the head with an automatic pistol.

"I'm a professional thief," witnesses said he told the police.

Summit Chiefs Sign Freedom Goal Document

(Continued from Page 1)

Chung Hee Park of South Korea, prime minister Harold Holt of Australia, Prime Minister Keith Holyoake of New Zealand, Premier Thanom Kittikachorn of Thailand, and the conference host, President Ferdinand E. Marcos of the Philippines.

Peace Talk Bld

The agreement on troop withdrawal — clearly a new bid to interest the Communist side of the Vietnamese war in talking peace — was the key new element in the communiqué.

The "Goals of Freedom" declaration stated:

"We, the seven nations gathered in Manila, declared our unity, our resolve, and our purpose in seeking together the goals of freedom in Viet Nam and in the Asian and Pacific areas. They are:

1. To be free from aggression.
2. To conquer hunger, illiteracy, and disease.
3. To build a region of security, order, and progress.
4. To seek reconciliation and peace throughout Asia and the Pacific.

Peace And Progress

In their Declaration on Peace and Progress, the leaders agreed on these "principles on which we base our hopes for future peace and progress in the Asian and Pacific regions."

1. Aggression must not succeed.
2. "We must break the bonds of poverty, illiteracy and disease."
3. "We must strengthen economic, social and cultural cooperation within the Asian and Pacific region."
4. "We must seek reconciliation and peace throughout Asia."

The seven government chiefs who assembled here Sunday opened their final round of sessions at the Malacanang Palace in almost complete agreement on all major issues, aides reported.

The seven delegations apparently were bypassing their differences on such issues as the place the Viet Cong might have in any future negotiations. The Communists fighting in Viet Nam show no sign of early movement toward negotiations, so the Manila conference is not compelled to deal with this divisive problem.

While the mood inside the palace was hopeful and agreeable, some Philippine labor groups were reported planning another demonstration against the Vietnamese war to follow up Monday night's riotous outburst.

Johnson and other delegation chiefs were in the Manila Hotel, their quarters here, when an estimated 2,000 banner-waving, chanting protesters swarmed to the front entrance before police with guns and clubs drove them back.

Youth Shot

Half a dozen shots were fired, Police said they fired into the air. One 10-year-old youth was shot in the neck, another dozen received minor injuries. The tumult brought the first day of the conference to an ugly end, and officials were on the alert today to control any attempt at a repetition.

President Johnson, summing up nine hours of discussion Monday on all aspects of the Vietnamese situation, gave what authorities considered the key to the allied peace policy when he said he was sure that "peace will come and the hand reaching out from this room will be the hand of reconciliation."

Honors Council Elects Robertson

LAWRENCE, Kan. (AP)—Dr. James H. Robertson of the University of Michigan was elected president of the National Collegiate Honors Council Monday. The council, which wound up a two-day convention on the University of Kansas campus here, was formed for an exchange of ideas on how to select students and faculty members for honors programs.

Briefly Told

The Players de Noc will hold a general meeting at 8 tonight in room 10 of the Bay de Noc Community College.

The first of the Foreign Film Series, sponsored by Bay de Noc Community College, will be shown Wednesday evening, Oct. 26, at Bonifas Auditorium. The first film, entitled *Child of Man*, will be in Danish with English subtitles.

Tickets for the Centennial Banquet for the Escanaba Area schools are available at Gust Asp's or Ernie's Party store, it was announced today. The banquet is scheduled for 6:30 p. m. Saturday, Nov. 5, in the commons area of the high school.

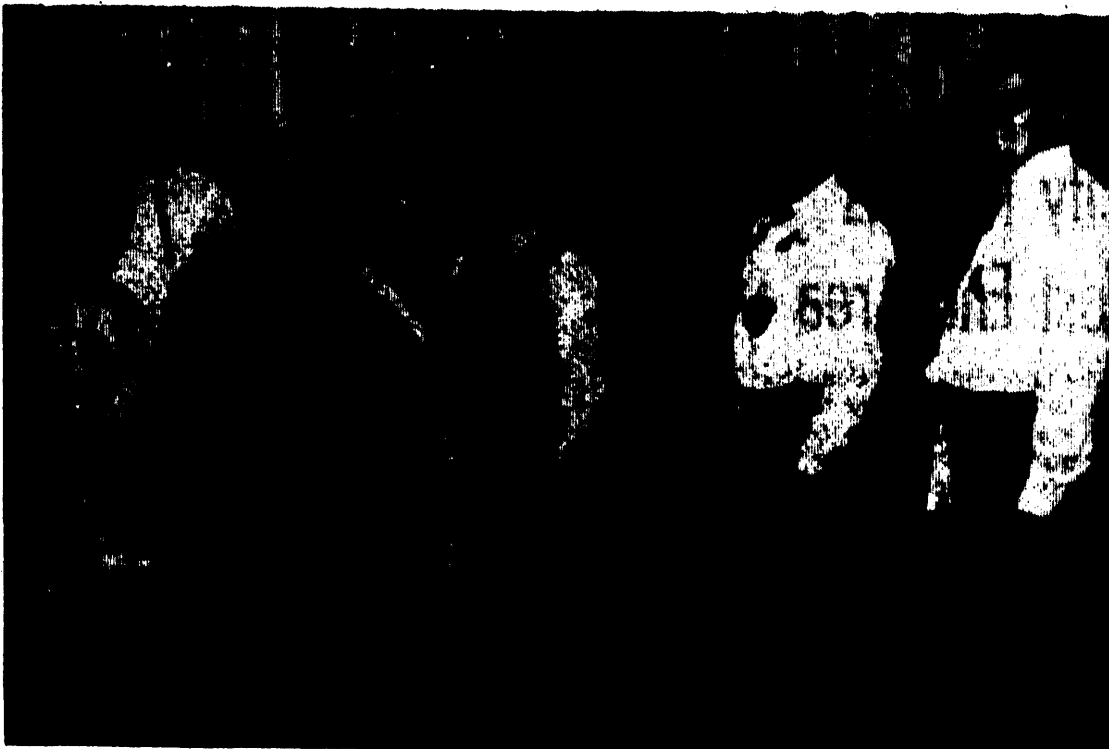

Escanaba police have issued traffic violation tickets to Gayle M. Stoykovich, Wells, following too closely; Vine M. Sharkey, 1600 18th Ave. N., expired operator's license; and Dale C. Leisner, 1315 N. 16th St., careless driving and no vehicle registration on person.

Mike Healy, 716 Ludington St., reported to Escanaba police that his car was stolen Monday night from where it was parked at 23rd and Ludington Sts. The car was found abandoned near the Kipling School by State Police of the Gladstone post.

The Red Back district cub scout training committee will be present at an adult leader training course Thursday at 7 p. m. at the James T. Jones School in Gladstone. This will be a makeup session and will include instruction on den meetings and den mothers-den chief relationship.

The Better Hearing and Speech Society will meet at the Chamber of Commerce Building, Escanaba, at 8 p. m., Wednesday, Oct. 26. Members of Beta Sigma Phi Sorority, new sponsor of the society, will speak on the history and purpose of the sorority. A report on the state convention of the Michigan Association for Better Hearing will also be given.

The Escanaba Council No. 640 Knights of Columbus will attend a Fifth Sunday Corporate Communion at the 8 o'clock Mass Sunday, Oct. 30, to be held at St. Thomas Church, Escanaba, with Fr. Arnold Thompson officiating. The wives of the members of the Escanaba Council will be guests. The members of the Fourth Degree Assembly will be in uniform and provide the Honor Guard for the occasion.

THE PROMENADERS Square Dance Club's officers and others at the Powwow (from left) included Mr. and Mrs. James Bohan, secretary; Mr. and Mrs. Miles Dupuis, president; caller Johnny Toth of Milwaukee; Mr. and Mrs. Mac McDonald, publicity; and Mr. and Mrs. Robert Engdahl, treasurer. (Daily Press Photo)

SQUARE DANCERS from seven communities swung their partners and do-si-doed in the Area High School Commons Saturday night at the annual Autumn Powwow, sponsored by the Promenaders Square Dance Club of Escanaba. The caller was the famous Johnny Toth of Milwaukee and dancers came from clubs in Iron Mountain, Menominee Sault Ste. Marie, St. Ignace, Manistique, Marquette and Munising. (Daily Press Photo)

Miss Samson To Address Teachers At Marquette

The Michigan Business Education Association will hold its annual fall business teachers conference at Northern Michigan University Saturday, Nov. 5.

More than 150 Upper Peninsula business teachers are expected to attend the meeting to be held in the Don H. Bortum University Center. Registration will be held at 9 a. m.

Keynote presentations will be made by Miss Dolores Samson of Bay de Noc Community College, Escanaba; Dr. James D. Jackson, director of counseling at NMU's Women's Job Corps Training Center; and Earl Halvas, consultant in dis-

tributive and office education in the vocational division of the Michigan Department of Education, Lansing.

Following a 9:45 a. m. demonstration of a shorthand laboratory by a representative from the Norelco Corporation, Miss Samson will discuss "Experiences With a Shorthand Laboratory."

Before joining the state department of education Halvas taught at high schools in Munising and Bloomfield Hills, served as a high school guidance counselor, and was associated with the National Steel Corporation and the Munising Paper Co.

Co-chairmen for the round-table gathering are Mrs. Florence Besonen of Escanaba and James Godell, NMU business education instructor.

Tanker Is Pyre Of 7 Crewmen

MORGAN CITY, La. (AP)—The burning tanker Gulfstag, still a potential king-sized bomb, wallowed in the Gulf of Mexico's calm swells today.

The Coast Guard said seven dead men apparently were aboard.

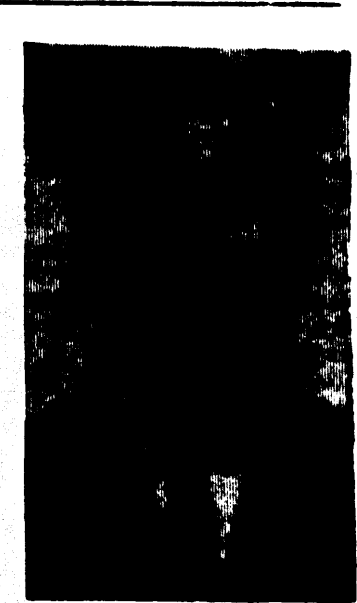

The seven never got off when the crew abandoned ship Monday.

"It is believed that all missing persons were trapped in their staterooms," said Larry L. Larue, captain of the 372-foot Gulf Oil Corp. tanker.

Two Coast Guard cutters, the Point Lookout of Morgan City, La., and the Iris, out of Galveston, Tex., were standing by at a safe distance, along with the tug Titan from Sabine, Tex.

The fire erupted after two explosions, apparently in the engine room or pump room, at about 3 a. m. Monday. The Gulfstag was about 30 miles south of Morgan City.

It was feared the flames would touch off the 153,000 barrels of gasoline aboard. However, the fire roared on all day and Monday night — apparently confined to the stern section.

GEORGE BLAKE, 44-year-old Dutch-born master double agent serving a 42-year sentence for spying for the Soviet Union, escaped Saturday night from the Wormwood Scrubs prison in England. He was sentenced in 1961. Blake at one time served as a British intelligence agent in the Middle East and in Berlin. (AP Wirephoto via cable from London)

Women Wanted In State Police

LANSING (AP)—If you're a woman aged 21 to 30, weighing no less than 110 pounds and in good physical condition, the Michigan State Police want you.

For the first time in history, the department is trying to recruit policewomen. Five lady cops have been authorized by the Legislature, and two are being sought to begin with.

The girls will be doing community relations and juvenile work, and an applicant must have a bachelor's degree and be "of good moral character."

The job initially pays \$122 to \$148.80 a week. After two years of satisfactory service, a policewoman will be promoted and paid from \$138 to \$171.20.

Obituary

MRS. MARGARET ZENT

Funeral services for Mrs. Margaret Zent were held at 9 a. m. today at St. Patrick's Church with Magr. M. B. Melican officiating. Burial was in Holy Cross Cemetery. Pallbearers were, Ronald and Jack Cagle, Ted Cavados, Ted Serbinski, Jesse Starnes and Robert Lorbeck.

MRS. H. J. MEYER

Mrs. H. J. Meyer, the wife of Henry J. Meyer, formerly of Escanaba, died Saturday at 8 p. m. in Detroit where she had resided for a number of years. The funeral will be held at 11 a. m. Wednesday in Detroit and attending from Escanaba will be Mrs. Meyer's brother-in-law, Edward J. Meyer, Mrs. Meyer and son; and a niece, Mrs. Francis McGovern and daughter.

More people get more news from newspapers than from all other sources combined.

Send them out to play inside.

Add room to your home the easy way. Install a gas baseboard heater in your enclosed porch or enclosed breezeway. By the time you've added your own decorator touches, you'll have an extra bedroom, sewing room, family room or playroom ready for year-round use.

And, because each gas baseboard heater has its own thermostatic control, you can select the precise temperature you want for your new room. Keep it that way inexpensively, too. It will cost about \$20 to

heat an average size room for an entire year. That's 1/5 the operating cost of an electric baseboard heater.

There's no major investment at installation time, either. We'll be glad to add the cost of the heater to your monthly gas bill and let you pay for it a few dollars at a time. A phone call to us or your heating contractor is all it takes to get things moving. And to get you moving... into that brand-new room right away.

MICHIGAN CONSOLIDATED GAS COMPANY

Covenant Women Meet Thursday

A combined Circle meeting of Covenant Women will be held Thursday evening at 8 p.m. at the church. The program has been arranged by Mrs. R. J. Olson and Mrs. J. M. Olson. Devotions will be led by Mrs. Harold Nelson. A vocal solo by Mrs. Robert Olson will be followed by the showing of the film "Viet Nam Profile," which is produced by World Visions, Inc.

Missionary Gleaners are to be turned in at this meeting, and there will also be a collection of materials for the Viet Nam kits which include small mirror, soap, towel, comb and baby powder. Hostesses for the evening are Mrs. J. A. Bredahl and Mrs. W. B. Erickson. The general public is cordially invited.

GLADSTONE

Briefly Told

The Gladstone Lions Club will hold its annual light bulb sale Thursday evening, Oct. 27, starting at 6 p.m. Members of the club will be calling at each home during that evening.

A car driven by Ronald C. Sanville, 27, Cornell, struck and killed a deer on County Rd. 426 about four miles north of Watson in Marquette County, State Police report. The deer jumped into the side of the car Sunday night.

State Police issued traffic tickets Monday to Ina I. Green, 1222 Dakota Ave., Gladstone, failure to stop for flashing signal at railroad crossing; Thora V. Greenlund, Rte. 1, Ensign, no operator's license, and Edwin A. Carlson, Rte. 1, Bark River, speeding.

State Police are investigating several minor complaints. Troopers said two floodlights were shot out in the front yard of the Flat Rock School, windows also have been broken in the watchman's shack at Mead No. 2 dam, and a telephone was taken in a breaking and entering at the Soo Line and Chicago & North Western switchman's building at Wells.

City Retains East End Area

The Gladstone City Commission voted three to two to retain the east end Lake Shore property when no bids for the property were received at their regular meeting Monday evening at the City Hall.

City Manager H. J. Henriksen told the Commission a local group was interested in purchasing the bulk of the platted land for resale. Mayor Frank Stupak informed the Commission that interest is again being shown in an extended care medical facility, proposed some time ago. Property at Michigan Ave. and Fourth St., part of the east end property, was offered to the group at that time.

However, the time on the offer has elapsed and the property is still in city ownership.

Improvements to the Industrial Park were considered and Henriksen was authorized to have a concrete block septic tank installed for use by the LaPine Brothers plant.

The boilers in the steel tank plant are in need of repairs and Henriksen was asked to present cost figures at the next regular meeting of the Commission.

The Commission authorized bids to be received for power transformers for use at Eaton, Yale & Towne in the case of a power failure, since the voltage used at the new plant is not similar to that which could be supplied through Gladstone's mutual aid agreement with U.P. Power Co.

The manager was also authorized to have an inspection of generators at the city power plant made, to comply with requests of the city's insurance company.

Commissioner Ray Norton read an article published some time ago in the Milwaukee Journal regarding pollution of Bay de Noc. He was informed by the city manager that the condition referred to does not exist in Gladstone at this time, since Gladstone's sewer system completed Jan. 1, 1964, is now in operation.

Acting City Attorney Allen Briggs said that federal anti-pollution laws will eventually require secondary treatment of all sewage by cities along the lake shore.

The city manager announced new hours at the city dump: Daily 8 to 4 except Wednesday, when the hours are 10 to 6.

Pro Football Notes

Pasadena Is Most Likely Site For Super Bowl Game

NEW YORK (AP) — The Super Bowl game, the first meeting between the champions of the National and American football leagues, almost certainly will be played in the Rose Bowl at Pasadena, Calif.

That's the word in American League circles, where the reasoning goes like this: Despite the fact the National League is investigating three cities—New Orleans, La., Seattle, Wash., and Cincinnati—for its next expansion franchise, the betting is that the Louisiana city becomes NFL territory for the 1967 season.

That would eliminate New Orleans, Pasadena's chief rival for the Super Bowl game, as a neutral site for the NFL-AFL title game.

Quote of the week: Bob Pellegrini, one of the Miami Dolphins' assistant coaches was discussing the pass-catching abilities of two rookies, Bob Brubaker of Minnesota and Howard Twilley of Tulsa, and noted that his idea of a lifetime game would match the two.

Said Pellegrini, by way of explaining: "The first one to die would be the first one to miss."

The Dolphins, by beating Houston 20-13 Sunday, became the first expansion club in either league to win two straight games this first season . . . Joe Namath, the New

York Jets' quarterback, scored the first two touchdowns of his pro career against Oakland but also was nailed for a loss while passing for the first time this

season . . . The guy who got Namath was Dan Birdwell, the Raiders' defensive tackle . . . The Kansas City Chiefs just missed two records while

amassing 614 yards and 51 points against Denver, falling 20 yards short of the yardage record set by Oakland against the Broncos two years ago and three points short of the point record they set against Denver in 1963 . . .

PICTURE PRETTY Sharon Moran displays perfect form. Sharon is Golf Digest's most beautiful golfer of 1966. A good choice.

More Arrests In Bribe Case

BATON ROUGE, La. (AP) — The FBI has made two more arrests in its probe of alleged attempts to bribe Louisiana State University football players.

Joseph Lee Nolan, 26, and Samuel F. Comeaux, 25, both of Baton Rouge, were charged Monday by the FBI with trying to influence by bribery the outcome of six LSU games this season.

Last week the FBI arrested 26-year-old Samuel J. Graziano, a barber, on charges he tried to influence the outcome of LSU games by attempting to bribe three players — starters Billy Masters, Gawain DiBetta and Jim Dousay.

Nolan refused to talk to newsmen. Court records showed that Nolan is a younger brother of Eugene Nolan, recently convicted in Houston, Tex., on an interstate gambling charge. Eugene Nolan also faces a similar federal charge in Los Angeles.

When Graziano was arrested, Charlie McClendon, the LSU head football coach, said that Dousay, Masters and DiBetta had been cooperating with the FBI for more than a year.

Ryan Bothered By Sore Back

LAWRENCE, Kan. (AP) — The University of Kansas world recordholder in the mile, 19-year-old Jim Ryan, said Monday he has a sore back that is making it tough for him to run.

His back was X-rayed at the Kansas University Medical Center in Kansas City, Kan., Monday. Ryan quoted Dr. Leonard Peltier, orthopedic surgeon at the center, as saying "there was something in my back."

The X-rays are still being studied for the cause. Ryan said he was told, "As long as I keep running I'll have the pain."

He blamed the injury on a pretty cross country course which he ran six weeks ago. "The ground is so rough I could have stepped in a hole," Ryan said.

Duffy's Spirit Will Be Tested By Poor Clubs

EAST LANSING (AP) — Around East Lansing, there is a special word for the endless supply of quips Duffy Daugherty uses to describe football action—"Duffyism."

For example, on a play by end Gene Washington in a long gain against Purdue last Saturday:

"We call it a 'look out' block," said Daugherty. "We don't want any of our players ever to block from behind clipping, so if the player's back is to him, Gene yells 'look out' and when the player turns around, then he blocks him."

But there is another Duffy trademark—plenty of enthusiasm among his players. That team spirit will undergo a severe test in the next three weeks when the Spartans play teams that aren't expected to go anywhere in the Big Ten—Northwestern, Iowa and Indiana.

Northwestern and Indiana have 1-1-1 records in conference play and Iowa has a 0-4 mark, compared with MSU's 4-0 after the 41-20 trouncing of Purdue last Saturday.

"A lot of teams around the country have outstanding football players," Daugherty said Monday. "We like to think that not all these teams play with this same desire and intensity."

"We talked about the problem of a letdown Sunday," he added. "I told the players I believe they're intelligent young men and I'm sure they realize what has made us a pretty good team—and that if we play with any less enthusiasm and desire, we'll be an average team."

Michigan Loses Dennis Morgan

ANN ARBOR (AP) — Linebacker Dennis Morgan of Phoenixville, Pa., will be lost for the season, Michigan coach Bump Elliott said Monday.

Morgan, a junior, was injured in Michigan's 49-0 victory over Minnesota Saturday, underwent surgery for torn ligaments in his right knee Monday.

Elliott said senior Barry DeHlin would replace Morgan when the Wolverines meet Wisconsin at Madison Saturday.

Elliott held a light workout Monday, going over scouting reports and movies with the first team.

Albion Player Gets Top Honor

By The Associated Press A big and agile defensive end who helped Albion shut out Kalamazoo Saturday was named MIAA Lineman of the Week this week.

Barry Siler, a senior defensive end, was credited with eight tackles as Albion downed Kalamazoo 23-0. The 6-5, 234-pound lineman put the rush on the Kalamazoo quarterback and kept down the school's passing attack.

Bob Harple of Olivet didn't score a touchdown in his school's 43-0 rout of Adrian, but was named MIAA Back of the Week. The junior halfback carried 27 times for 150 yards against Adrian and helped set up the scoring.

Albion plays Olivet Saturday with the MIAA championship at stake.

Jockey Breaks Victory Record

LIVONIA, Mich. (AP) — Jockey Bobby Gallimore set a record of 101 victories in a season Monday when he rode Clu to victory in the fifth race at Detroit Race Course.

He tied the record of 100 victories in the fourth race aboard Lucky Roman.

Gallimore, 27, took 73 racing days to smash the record set in 1957 by Johnny Sellers in 62 days. But Gallimore, who has two more weeks in the current meet, accomplished the feat with 399 mounts, compared with 427 for Sellers.

New NFL City Selection Soon

CINCINNATI, Ohio (AP) — All three candidates for the 1967 National Football League franchise — Cincinnati, New Orleans and Seattle — are still in the running, league Commissioner Pete Rozelle says.

"A decision is to be made shortly on the NFL team to be selected to play in 1967," Rozelle told a news conference Monday night, indicating that the existence of playing facilities will play a big part in any decision.

Rozelle visited Cincinnati on a tour of the main contenders for the franchise. He was accompanied by Dan Reeves, owner of the NFL Los Angeles Rams and Ralph Wilson, owner of the Buffalo Bills of the American Football League. The three will visit New Orleans and Seattle later.

The two leagues are merging and Rozelle said a joint committee will soon have to decide on awarding franchise. He refused to make any predictions as to how he expects the decision to go.

Cincinnati has been counting on a large riverfront stadium as the bait to lure a franchise here for 1967. An architectural firm is drawing up stadium plans, but the way it will be financed is still unsettled. The football team would share the stadium with the Cincinnati Reds baseball team.

Commenting on the prospects of the three cities, Rozelle said all have approximately the same weather conditions for football, but that Cincinnati is in the most populous area.

Adcock Names Rice As Coach

CLEVELAND (AP) — Del Rice who served as a coach for the California Angels when Joe Adcock was a player, has been named by Adcock as a coach for the Cleveland Indians.

Adcock, the new Indians manager, hired Rice Monday. Rice, 44, had been an Angel coach for five years before he was released last month.

Fight Results

By The Associated Press WORCESTER, Mass. — Dick French, 153, Providence, R.I., stopped Gene Herrick, 147, Saco, Maine, 4; Beau Jaynes, 130, Lowell, Mass., knocked out Ronnie Butts, 134, Portland, Maine, 2.

WALPOLE, Mass. — Ricky Ortiz, 148, Puerto Rico, knocked out Brad Silas, 186, Brockton, Mass., 6.

LAS VEGAS, Nev. — Tony Aguirre, 136, Mexico City, outpointed Benito Juarez, 187, Las Vegas, 10.

THE LITTLE WOMAN

"Who am I to believe? That small voice inside me that keeps saying 'Yes' or a loud-mouth husband who keeps saying 'No'?"

In This Corner

with Ray Crandall

Ashland captured its first Michigan-Wisconsin Conference championship in 11 years by edging a crippled Ironwood team, 19-12. The victory also gave the Oredockers their first perfect football season record since 1955. It took a fourth quarter touchdown to clinch it for Coach Bob Naslund's team after Ironwood had staged a comeback to pull within one point of the Oredockers at 13-12. Steve Sling was a workhorse in the Ironwood backfield with 35 carries for 118 yards.

Houghton nailed down its fourth Copper Country Conference crown in the last five years with a 19-0 verdict over Hancock in the final game of the season for both teams. Quarterback Jerry LaJeunesse led the Grem-lins to their fourth straight conference victory by scoring one touchdown on a one yard sneak and passing to Gary Franz for a 30 yarder. Bill Gauthier tallied Houghton's third TD on a one yard plunge.

Quarterback Eric Prusi pitched two payoff passes and scored one touchdown on the ground to lead Negaunee to the 32-0 victory over Newberry, giving the Miners their first Great Lakes Conference football crown in history. Prusi's TD passes went to Paul Evans and Bill Leppanen, covering 30 and 47 yards. The Miners turned in their best offensive game of the season, gaining 505 yards rushing and passing.

Calumet's George Oikarinen closed out his prep football career in brilliant fashion against Crystal Falls as the Copper Kings registered a 26-12 triumph for a 7-1 season record. The 5 foot 11 inch, 170 pound speedster reeled off 254 yards in 40 carries and scored three touchdowns and a pair of PATs. His season scoring total came to 128 points and his rushing total to 1,451 yards.

Another swift-stepping halfback had a field day over the weekend. Jeff Sitkowski, 175 pound Iron River senior, rambled for 214 yards in 30 trips and scored both Redskin touchdowns in a 12-6 decision over Norway. Sitkowski hit paydirt on runs of 47 and 13 yards in the final five minutes of the game to wipe out a 6-0 Norway lead. The victory clinched at least a share of the Menominee Range Conference pennant for the Redskins.

Ishpeming closed out its 1966 season with a 14-0 decision over Stambaugh's hobbling Hilltoppers. Stambaugh battled the Hematites to a scoreless deadlock in the first half but Pete Wirtala and John Andriacchi punched out touchdowns in the second half. The victory left Ishpeming with a 5-3 season record. Stambaugh finished with a 3-2-2 mark.

St. Ignace ran its season record to 7-1 with one game to go by whipping Rudyard, 33-0. Ken Brown, junior fullback, dented the Rudyard goal line on runs of 3, 9 and 9 yards. Brown gained 115 yards in 14 carries and booted his season rushing total to 903 yards. The Saints close out their campaign Friday at downstate Onaway.

DeTour suffered its second setback of the season, against six victories, by the slim margin of an extra point as down-state Petoskey St. Francis scored a 7-6 verdict. Bill Polts booted the conversion after Bob Kollinski smashed over from the one yard line shortly before the half. Tom Tellefsen scored DeTour's touchdowns on a nine yard run in the first quarter.

Pickford's Panthers came up with their second triumph of the season by edging winless Cedarville, 9-0. The Panthers, who run wild in track season and slow down to a jog during the football campaign, tallied a touchdown on a one yard plunge by fullback Neil Harrison and tacked on a safety in the final quarter.

Irish Keep Grid Lead

By The Associated Press. Notre Dame is battling a solid 780 in the weekly Associated Press college football poll.

The Irish polled 32 of a possible 41 first place ballots in voting by a national panel of sportswriters and broadcasters and remain in front of the Top Ten today.

Notre Dame solidified its hold on the top spot with a 38-0 rout of Oklahoma last Saturday. The

UCLA remained third followed by defending national champion Alabama. Southern California, Georgia Tech, Florida and Nebraska.

The Top Ten:
1. Notre Dame
2. Michigan State
3. UCLA
4. Alabama
5. Southern California
6. Georgia Tech
7. Florida
8. Nebraska
9. Arkansas
10. Wyoming

Sports In Brief

JACKSON (AP)—Ohio Paul, a seven-year-old gelding driven by Harold Allen, won the featured trot by a neck at Jackson Harness Raceway Monday night. The Ohio-owned trotter began driving in the back stretch to cover the mile distance in 2:07. It paid \$11.00, \$5.00 and \$3.20.

ELIJAH PITTS (22) of the Green Bay Packers bolts for a touchdown in the first quarter of Sunday's National Football League game at County Stadium in Milwaukee. Clutching at Pitts' ankle on the goal line is Atlanta linebacker Bill Jobko. (AP Wirephoto)

Watch Out Packers, Here Comes Sweetan

By WHITEY SAWYER

DETROIT (P)—Look out Green Bay, here comes Karl Sweetan!

"Of course I think we've got a chance against Green Bay," Sweetan said Monday. "A good chance. Of course, Green Bay is one of the very, very best. But our defense is always up for Green Bay and I think our offense will get a reasonable number of points and the defense will hold the Packers."

The rookie Detroit quarterback doesn't talk like a man at the helm of a team with a 2-5

record about to play a 6-1 team in the National Football League.

For one thing, the former Wake Forest star doesn't seem to know when he's beaten. He got his big chance Oct. 16 against Baltimore when Mill Plum was lost to the Lions. But our defense is always up for Green Bay and I think our offense will get a reasonable number of points and the defense will hold the Packers."

Sunday against the San Francisco 49ers Sweetan brought the normally punchless Lions

from a 10- deficit to a tie, and then from a 20-10 deficit to a lead 24-20 with less than a minute to go. One of the scores was a 73-yard bomb from Sweetan to Studstill.

But San Francisco quarterback John Brodie brought the 49ers to a touchdown and a 27-24 victory with three seconds left.

"It just broke that way," Sweetan said. "But, he added, 'I was enthused about our offense. I felt like everyone did a good job. I felt like we got stagnant there a little bit in the third period, but otherwise I

was real pleased with the offense."

Sweetan played with the Toronto Argonauts in 1964, then quarterbacked the Pontiac, Mich., Arrows in the semipro Midwest Football League last year. The Lions called him up this year when Coach Harry Gilmer traded away George Izo, the No. 2 quarterback behind Plum.

"I wasn't surprised at his play," Gilmer said of Sweetan. "I expected him to be good. I thought he kept quite cool all the way. We think he's going to be a real good one."

HOPING FOR A big catch is Cleveland Williams who will meet Cassius Clay for the heavyweight championship Nov. 14 in Houston. The "Big Cat" has been training on the ranch of his manager Hugh Benbow in Yoakum, Tex.

Battle Creek Retains No. 1 Football Rating

By The Associated Press. Willow Run lost and Buchanan grabbed the top spot in the Class B Michigan Associated Press high school football poll this week.

Hamtramck nipped Willow Run 28-20 and dropped the team from first to fourth in the poll by sportswriters and sportscasters.

Buchanan, second last week, moved up to first with a 6-0 record, including a 13-0 victory over Coloma Friday. Frankmuth, third last week, whipped Marlette 54-6 and moved up to second.

Battle Creek Central downed Lansing Sexton 21-0 and remained atop Class A. Middleville humbled Hamilton 45-6 and kept its No. 1 ranking in Class C-D.

Ann Arbor kept second place in Class A, but Royal Oak St. Philip

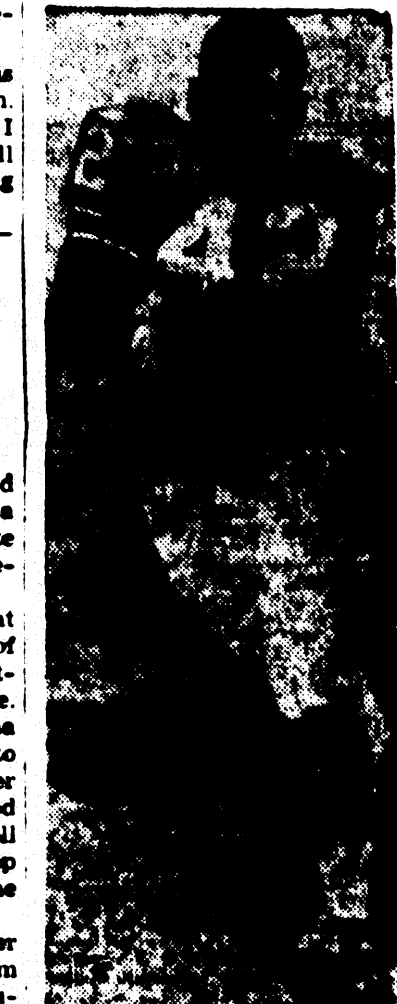

Dondero and Muskegon, tied for third last week, slipped a bit. Dondero beat Grosse Pointe 12-0 and fell to fifth. Muskegon dropped to fourth.

Bay City Central lost to Flint Northern 19-12 and fell out of the Top Ten. Flint Southwest moved in, taking 10th place.

In Class B, Saginaw Buena Vista climbed from fifth to third with a 26-25 squeaker over Mount Pleasant. Ironwood lost to Ashland, Wis., and fell from seventh out of the Top Ten. St. Johns moved into the select circle at 10th place.

Detroit St. Ambrose won over the weekend, but dropped from third to sixth. Galesburg-Augusta climbed from fifth to third.

Flint Holy Redeemer dropped out of the Top Ten and was replaced by Battle Creek in Class A, but Royal Oak St. Philip

UNDERRATED? A lot of the experts say Butch Byrd of the Buffalo Bills is one of the finest defensive backs in the American Football League.

FOR TIGERS ONLY!

This is the BOOT you've been hearing about!

FOR HUNTERS - TRAPPERS - ICE FISHERMEN - SNOW-MOBILERS AND WORKERS

Pac is made with 1 1/2 inch thick removable liner of pure wool FELT of finest quality. Liner completely surrounds the foot and extends ABOVE the foot. Heavy felt absorbs excess foot moisture, the cause of cold feet. Easily removed to dry, change or replace. "Sorel" is the warmest boot you will ever wear and is standard footwear in Canada with hunters, trappers, woodcutters and sportsmen.

Degree Awards Listed By MSU

Michigan State University lists 1,825 students who earned degrees during the summer term.

The list includes 918 bachelor's, 782 master's, and 110 doctoral degrees. It also includes 14 educational specialists and one recipient of a diploma for advanced graduate study.

Degrees recipients from this area are:

Delta County—Clara H. Lang, 1207 N. 16th St., Escanaba, Master of Arts, speech; Dale C. Vannemortel, Garden, Master of Arts, education; Ronald E. Kivi, 1806 Ludington, Escanaba, Bachelor of Arts, social science; Kenneth L. Wilson, 1721 1st Ave. S., Escanaba, Bachelor of Arts, humanities.

Luce County—James D. Brown, 411 West John St., Newberry, Bachelor of Science, psychology; Albert Dalglish, Rte. 1, Box 17, Newberry, Bachelor of Arts, French.

Mackinac County—Joseph Vairo, 921 North State, St. Ignace, Bachelor of Arts, History, honors.

Menominee County—David P. Granskog, 1005 S. 12th St., Menominee, Bachelor of Science, husbandry, honors.

Schoolcraft County—George J. Rubick, 540 Cherry St., Manistiquette, Bachelor of Arts, History.

From 160 to 200 pounds is the general weight of an elephant at birth.

Obese Child Will Be Obese Adult

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Patients at the University of Alabama Hospital are now served five meals a day. Physicians say the extra meals boost morale, even though they are planned so that the patient's total daily calorie intake remains the same.

Politicians are finding it more expensive to serve the public. A race for a Senate seat from a large state now can cost a candidate and his supporters more than a million dollars — with no

guarantee of victory.

The skin is the largest human organ. On a big fellow, its area equals that of a 9-by-12 foot rug.

We're getting more educated. One proof is that more than 20 per cent of U.S. families now are headed by persons who have had some college training.

Beatnik-looking teen-agers get a lot of attention, but they are a minority. Polled on what they expected in a date, teeners stressed physical cleanliness, proper dress and a neat appearance. That surprise you?

Quotable notables: "Hating people is like burning down your own house to get rid of the rats" —Harry Emerson Fosdick.

You're living in a fool's paradise if you think your fat child will normally shed his fat as he grows up. Unless dieting measures are taken, the odds are four to one that an obese child will become an obese adult. And the odds rise to 28 to 1 if he doesn't trim down during adolescence.

The military services are in no danger of running out of potential draftees. Every day 5,200 U.S. boys turn 18.

Prosperity note: America's middle class is getting larger. The number of U.S. families rose only 6 per cent since 1961, but the number of families earning \$10,000 or more a year increased by 31 per cent.

Household hint: Burn your finger, wife dear! The best way to ease the pain is to wash the finger quickly then dunk it in ice water, or press an ice cube against it.

One reason for taking it easy: A study of 133 men who suffered heart attacks disclosed that 94 of them were "excessively aggressive, ambitious, and competitive."

History lesson: Can you name the only signer of the Declaration of Independence who became a U.S. president and also had a son who was President? He was John Adams of Massachusetts.

Hotpoint Plant Strike Ended

MILWAUKEE, Wis., (AP) — A one-week strike by members of Local 261 of the United Auto Workers union ended Monday at the Hotpoint Appliance plant of the General Electric Co., when workers voted 322-41 to accept a new three-year contract.

Majerus, a UAW international representative, said the local's membership ratified the contract offer tentatively agreed upon by union and company officials Saturday.

The new pact calls for a four per cent wage boost the first year; three per cent the second year, and an additional three per cent the last year. A cost of living formula, based on an escalator table, improved pension and the addition of a skilled trades adjustment of ten cent an hour are also included. Company and union representatives said they hoped production would resume today.

The Milwaukee plant was one of eight G-E facilities idled last week by strikes, largely over local issues.

DORR N. WILTSE, Sr., a native son and life-long resident of Caro, was unanimously proclaimed Michigan's 109th grand high priest of Royal Arch Masons in the 188th annual convocation at Kalamazoo Saturday. Wiltse is manager of the Caro Branch Office of Michigan Mutual Liability Co. Earlier he was a teacher in Tuscola County.

Family Relations Sponsoring Group Discussion Here

Bay de Noc Community College will host a conference entitled "Parents and Children Talk About Understanding Each Other" on Nov. 4, sponsored by the Upper Peninsula Chapter of the Michigan Council on Family Relations and the Human Resource Council of the Division on Strengthening the Family in Michigan.

Both youth and adults will participate, and it is hoped the "why" of the communication problem that exists between youth and adults will be discovered and discussed freely.

Dr. Robert R. Bell, professor of Sociology at Temple University will be the keynote speaker. He will talk on "Some Sources of Parent-Child Conflict." He is the author of several books on sociology of the family and is presently engaged in research on lower class families.

Small groups will discuss their choice of the following subjects: Learning to talk to each other; Talking together about dating; Talking together about sex; After high school, what?

The conference will start in the Bonifas Auditorium for the keynote address, and then go to St. Joseph's Church basement for the small group discussions.

All interested people are invited to attend. Reservations and \$3 should be sent to Lyle F. Plowman, chairman, Bay de Noc Community College by Oct. 28.

Research Vessel

WARREN, R.I. (AP) — A \$150,000 research vessel designed for the Woods Hole, Mass., Marine Biological Laboratory, has been launched at the Blount Marine Corp.

The 65-foot steel boat will be used for collecting specimens of marine life.

Dams For Sale

GRAND RAPIDS (AP) — Dams in Ada and Cascade will be offered for sale by Consumers Power Co. No prices have been disclosed but company officials said the dams would be offered at nominal sums. Both facilities are 40 years old.

Mr. Dale S. Baxter will be here
